## Indoor swim school makes waves into Crocker Park's Promenade set to open in early 2019

**Westlake, OH:** Crocker Park and Stark Enterprises are pleased to announce that indoor education focused swim school, Aqua-Tots, will open its first location in Cleveland at Crocker Park's Promenade early next year.

Aqua-Tots swim school focuses on providing daily swim instruction and water safety classes with the goal to make both children and parents more comfortable in the water. Owners and native Ohioans, Mike and Jill Kallmeyer explained that these swim classes are truly lessons for life and starting children in them at a young age instills a strong foundation. Mike and Jill live the proof of the program with their two other locations in Columbus, Ohio where their two daughters are long time participants in the program.

"We are thrilled to bring the first Aqua-Tots Swim School in the Cleveland area to Crocker Park in Westlake," said owners Mike and Jill Kallmeyer. "As native Ohioans with lots of family and friends in Northeast Ohio, this feels like home to us. We look forward to meeting the Aqua-Tots Crocker Park families in 2019!"

Aqua-Tots facilities are built state-of-the-art and family focused with interactive lobby and waiting areas, private changing rooms and stimulating artistic décor. The indoor pool area is climate controlled to ensure the water is at the appropriate temperature regardless of the weather or season and hosts various daily classes available for ages 4 months to 12 years old. Each educational swim class is thirty minutes, and classes are offered specifically for children as well as "Mom/Dad & me" classes allowing parents to help teach and interact with their children in the water.

"Swim education and safety is so important, and we're thrilled to welcome Aqua-Tots and their mission to bring water safety and education to families in the Cleveland community!" said Tina Roberts, Vice President of Commercial Operations for Stark Enterprises.

Aqua-Tots will be opening their indoor swim school early next year with lessons offered seven days a week and will host periodic events. For more information on Aqua-Tots and their Crocker Park opening, visit [www.aqua-tots.com](http://www.aqua-tots.com) and follow Crocker Park on Facebook!
